

Category	Sub – Category	Product Name & Description
Waterproofing	Liquid Applied Membrane	BRONCO® CEMKRETE – Acrylic co -polymer based protective coating & Repairing compound.
		BRONCO® CEMGUARD – Polymer based, elastomeric cementitious waterproofing protective coating system.
		BRONCO® CEMGUARD PLUS – Polymer based highly elastomeric cementitious waterproofing protective coating system.
		BRONCO® CEMCRYSTAL – Surface-applied crystalline slurry treatment that transforms new or existing concrete into a permanent waterproof barrier.
		BRONCO® CEMCRYSTAL PLUS – Surface-applied crystalline slurry treatment that transforms new or existing concrete into a permanent waterproof barrier for both positive and negative side waterproofing
		BRONCO® CEMBOND LATEX – SBR latex based all-purpose waterproofing & bonding compound.
		BRONCO® MARINECOTE – Heavy bodied, polymer based compound for corrosion protection of steel & concrete
		BRONCO® CEMSHIELD PU 1K – Single pack, moisture cured pure polyurethane resin based compound for elastomeric protective coating.
		BRONCO® CEMPRIMER - Heavy bodied – Bitumen based coating & Primer.
		BRONCO® CEMCOAT P - Cold applied heavy bodied bitumen protective coating.
		BRONCO® CEMPRIMER EP - Bitumen modified epoxy primer cum protective coating.
		BRONCO® CEMGUARD KRYL – Acrylic polymer based elastomeric, heavy duty, flexible waterproofing protective coating system.
		BRONCO® CEMGUARD THERMOKRYL - Pure acrylic polymer based elastomeric high build solar heat reflecting eco- friendly waterproofing coating.
		BRONCO® CEMGUARD CTE – Two component high build coal-tar- epoxy specially designed for protection of concrete and steel structure in aggressive environment.
		BRONCO® CEMGUARD 41 – High build and fast drying food grade epoxy coating which provides long term protection to cement and concrete substrates.
		BRONCO® CEMGUARD EPU - Two part exterior concrete / masonry protective coating based on aliphatic PU resin.
		BRONCO® CEMGUARD ETC - High build epoxy coating for floors and walls for concrete and steel surface.
		Integral
	BRONCO® CEMKRETE LW + – Low dosage, heavy duty damp proofing agent for concrete and rendering materials.	
	BRONCO® CEMKRETE LW – Heavy duty damp proofing agent for concrete and rendering materials.	
	Preformed Membrane	BRONCO® CEMSHIELD APP – Atactic polypropylene (APP) modified bituminous membrane for Waterproofing
		BRONCO® CEMSHIELD SBS – SBS modified bituminous membrane for Waterproofing.
		BRONCO® CEMSHIELD SBS (SELF) – Self-adhesive polymer modified bituminous membrane for waterproofing.
		BRONCO® CEMSHIELD APP (MF) – Atactic polypropylene (app) modified bituminous membrane for waterproofing with mineral finish.
		BRONCO® CEMSHIELD EPDM – Rubber based, single ply prefabricated membrane made of Ethylene- Propylene-Diene ter polymer.
		BRONCO® CEMSHIELD PVC – Geomembrane with twin / single color (twin color for tunnel and basement waterproofing)
		BRONCO® LDPE FILM / SHEET / LINER - Low density polyethylene membrane for basement, tunnel etc waterproofing.

		BRONCO®HDPE SHEET - High density polyethylene (HDPE) membrane for basement, tunnel etc. waterproofing.
Technical Mortars		
Flooring	Cementitious	BRONCO® CEMCON FLOOR TOP – Ready to use, dry shake non-metallic, abrasion resistant flooring hardener.
		BRONCO® CEMCON FLOOR TOP (M) – Ready to use, dry shake, metallic, high Abrasion resistant and water resistance floor hardener.
		BRONCO® CEMSCREED SLF - Self-levelling underlayment cementitious flooring for internal applications.
	Epoxy Flooring/Mortar/ Coating	BRONCO® CEMSHIELD EF (SL) PRIMER – Two components fast curing epoxy based primer for epoxy flooring.
		BRONCO® CEMSHIELD EF (SL) – Three component, solvent free fast curing self-levelling epoxy flooring.
Grouts	Cementitious	BRONCO® NSPG – Polymer modified non-shrink admixture for injection cement grouting.
		BRONCO® NSPG 200 - Expanding, non-shrink polymeric waterproof grouting compound
		BRONCO® CEMGROUT GP80 - Ready to use chloride free, non-shrink, free flow, very high strength cementitious grout.
		BRONCO® CEMGROUT SP75 - Ready to use chloride free blend of dry powder when mixed with clean water, it produces a free flowing, non- shrink high strength anchor grout.
		BRONCO® CEMGROUT 60 – Ready to use chloride free non shrink high strength cementitious free flow grout.
	Epoxy	BRONCO® CEMGROUT POXY21 – Two component, high strength – injectable epoxy grout.
		BRONCO® CEMGROUT POXY21LV – Low viscous two component high strength – injectable epoxy grout.
		BRONCO® CEMGROUT POXY21ULV – Ultra low viscous two component high strength – injectable epoxy grout.
		BRONCO CEMGROUT POXY 80HES - Three components solvent free, free flowing, and fast curing pourable epoxy grout.
Repair & Rehabilitation		BRONCO® CEMREPAIR PMC - Single component cementitious, polymer modified non-reactive selective fiber reinforced concrete repair mortar.
		BRONCO® CEMREPAIR MC - Single component, cementitious, high strength pre-mixed flowable micro concrete.
		BRONCO® CEMREPAIR MC40 - Single component, cementitious high strength pre-mixed flowable micro concrete
		BRONCO® CEMPU GROUT - Single component , aqua-reactive PU based expanding grouting compound
		BRONCO® RUSTKIL - Fast acting, easy to use, rust and stain remover especially from iron and steel.
		BRONCO® CEMCON XL5451 - Versatile liquid compound for quick setting and rapid hardening of cement and concrete.
		BRONCO® CEMGUARD ZRP - Two pack, solvent free, epoxy primer enriched with metallic zinc
		BRONCO® CEMSHIELD BA - Solvent free epoxy resin based thixotropic bonding agent.
		BRONCO® CEMCON MORTAR SLC - Non-shrink high strength ready to use cementitious self- compacting mortar/ Concrete.
		BRONCO ® CRACK SEAL - Single part, non- shrinks, cementitious, polymer modified ,crack sealer for plaster, masonry and concrete
Sealants		BRONCO® CEMSHIELD PS (GG &PG) - Two component fuel resistant elastomeric joint sealant based on liquid Polysulphide resin and catalyst.

		BRONCO® CEMSHIELD PU(S) – Single component polyurethane sealant for horizontal & vertical surface.
		BRONCO® CEMSHIELD PS (SPL) - High performance, self-levelling, chemical resistant elastomeric joint sealant based on liquid Polysulphide resin and catalyst.
Plaster & Block Adhesive		BRONCO® MASTER PLAST - Polymer modified; fiber reinforced premixed cement based plaster/ Mortar
		BRONCO® MASTER PLAST S – High early strength polymer modified, cement based ready mix sprayable plaster.
		BRONCO® MASTER PLAST FP – High early strength polymer modified, cementitious premixed spray plaster/ render
		BRONCO® BLOCK BOND - Ready to use, polymer modified, cement based non-shrink, self-curing, water resistance adhesive for fixing AAC blocks, concrete blocks, fly ash bricks etc.
		BRONCO® BLOCK FIX – Ready to use mortar for fixing AAC blocks, concrete blocks & fly ash bricks
Tile & Stone Adhesive		BRONCO® DURA TILE MORTAR - Ready to use, cementitious, non-shrink, self-curing adhesive for floor tiles fixing.
		BRONCO® DURA NSA - Ready to use, thin or thick bed, water resistant, premixed single component, cementitious polymer modified multipurpose tile adhesive
		BRONCO® DURA FLEX - Ready to use, thin or thick bed, water resistant, pre-mixed single component, cementitious polymer modified high strength adhesive for fixing wall, floor tile & natural stone
		BRONCO® DURA FIRM - High polymer modified, white cement based adhesive suitable for fixing wall, floor tile & natural stone
		BRONCO® CEMSHIELD ETA – Solvent free thixotropic, two part epoxy adhesive especially formulated for bonding heavy duty ceramic tiles, marble ,granite slabs etc.
		BRONCO® CEMSHIELD EBA - Solvent free, fast curing, two component specially designed Epoxy Adhesive material for bonding TPE based expansion Joint tape.
Expansion & Construction Joint System		BRONCO® CEMSHIELD BAND EXP - High performance waterproofing tape based on functional thermoplastic elastomer for applications of sealing joints and cracks in areas exposed to high water pressure and thermal movement.
		BRONCO® HYDRO SWELL - Hydro-swelling joint sealant for construction joints, cold joints, pipe penetrations, subterranean prefab constructions, etc.
		BRONCO® HYDROSWELL MASTIC - Gun applied mastic with good adhesion to concrete steel, glass, PVC, HDPE in contact with Water.
Concrete Admixtures & Curing Compound		BRONCO® CEMCON PC321 - High range new generation PCE based super plasticizing admixture for concrete
		BRONCO® CEMCON PC322 - High range new generation PCE based super plasticizing admixture for concrete
		BRONCO® CEMCON SCCA - High range super plasticizing self compacting concrete
		BRONCO® CEMCON SP421 - Old generation multi range plasticizer based admixture for concrete
		BRONCO® CEMCON SPA – Old generation multi range plasticizer based admixture for concrete
		BRONCO® CEMCON SRA – Solvent / water based formwork and mould release agent.
		BRONCO®CEMCON CURE W - Curing agent - wax based/water based & white pigmented for concrete surface.
Others Accessories		BRONCO® INSUL50 - Extruded polystyrene is heavy duty thermal insulation rigid board, energy conserving insulation material.
		BRONCO® DRAINCELL RD20 - Protective membrane for waterproofing and provides ventilation for concrete slabs which alleviates heat induced stress and cracking.
